

RRP Hydraulics **HYDRAULIC IMPACT WRENCH 1"**

Compact and versatile

The 1" Impact Wrench's compact design allows the operator greater flexibility in tighter work areas. Ergonomic handles gives handhold positioning for either horizontal track bolts or working vertically for lag screws. Optional auger adapter is available for tie drilling applications. Assist handle and whip hoses can be orientated to operator preference.

Durable & Powerful

The unit produces up to 2,500 Ft-Lbs of torque from the heavy-duty dual impact mechanism. Cast steel motor body and trigger are durable with no formed metal fabricated parts.

Economical

One of the most economical 1" Hydraulic impacts in the market.

Specifications

15"L x 8"W x 8"H, 29.75 Lbs.
Forward/Reverse Operation

10 GPM @ 2,000 PSI
Dual Impact Mechanism
