

Battery 1" D- Handle Impact Wrench 910210

INNOVATIVE DESIGNS FROM RACINE RAILROAD PRODUCTS

Ergonomic & Versatile

The 1" D-Handle Battery Impact Wrench is the perfect solution for installing and removing track bolts, as well as lag screws and tie drilling.

- Trigger button is on the handle, direction selector on the tool body.
- The D-handle design allows the impact wrench to be used in the horizontal position.
- Easy push button torque adjustments to fine-tune torque and increase battery life.
- No issues using in heavy rain.
- Can be used with our 1" square to 5/8 hex quick-connect adapter for auger bits.

Lightweight & Powerful

- Weighing 24 lbs with battery, this impact wrench will reduce operator fatigue.
- Maximum 2200 ft-lb torque, more than enough for most jobs.

Specifications

Drive	1" Square
Dimensions	22" L x 11" W x 14" D
Weight	24 lbs (with Battery)
