

# Battery I" On-Track Impact Wrench 910211

## INNOVATIVE DESIGNS FROM RACINE RAILROAD PRODUCTS

### **Ergonomic & Versatile**

The I" On-Track Battery Impact Wrench is the perfect ergonomic solution for lag screw projects and for Vossloh® style rail fasteners.

- Handlebar design allows the impact wrench to be used in the standing position.
- Simple forward and reverse buttons on the handlebar.
- Easy push button torque adjustments to fine-tune torque and increase battery life.
- No issues using in heavy rain.
- Can be used with our I" square to 5/8 hex quick-connect adapter for auger bits.

Use the I" On-Track Battery Impact Wrench to ergonomically install lag screws.

### **Modular & Powerful**

- Can be quickly disassembled for easy transport.
- Maximum 2200 ft-lb torque, more than enough for most jobs.
- Use one or two batteries for a longer work window between charges.

# **Specifications**

•	
Drive	I" Square
Dimensions	46" L × 23" W × 34" H
Weight	88 lbs (with Battery)
Battery Type	Lithium Ion I2Ah
Battery Voltage	36 VDC
Charger Voltage	120 VAC
Battery Life Indicator	Standard LED Display

### **Additional Features**
