

Hydraulic Spike Driver 910169

INNOVATIVE DESIGNS FROM RACINE RAILROAD PRODUCTS

Powerful

The Hydraulic Spike Driver delivers the driving force necessary for most spike driving applications, even in rock-solid ties.

- New design decreases the chances of dry firing, lessening the amount of tool wear and operator fatigue.

Operator Comfort and Ergonomics

- Innovative anti-vibration handle protects the operator for a more comfortable and productive workday.
- The ergonomic handle design allows the operator to easily initiate the driver - the handle is depressed and quickly shuts off as the operator lifts off of the spike.

Extended Life

- Design uses a “floating hammer” to extend the life of the tool.
- Designed to eliminate overdriving the spike.

Specifications

Circuit	10 GPM @ 2000 PSI
Weight	71 lbs (dry)
Length	29.5 inches
Width	16 inches
Height	6 inches
