

Trak Pak 3 Hydraulic Power Unit 910202

INNOVATIVE DESIGNS FROM RACINE RAILROAD PRODUCTS

Heavy Duty

- The Trak-Pak 3 is equipped with a 22 hp Honda GX-690 electric start four cycle engine that offers 22% more horse power than other power units on the market.
- A large 9-gallon hydraulic reservoir and heavy duty oil cooler with thermostatic electric fan maintains a low hydraulic oil temperature, which increases tool performance and extends the life of your tools.
- A heavy gauge steel frame, roll cage and lifting bale are standard for protection of components and easy maneuvering.
- The large muffler offers excellent sound suppression for a quieter and safer work environment.

Easy Serviceability

- The Trak-Pak 3 comes standard with a combination digital engine hour meter / engine tachometer and hydraulic oil level.
- Its open design allows easy access to all components including a large hydraulic tank clean out.
