Powerful and Efficient

The Hydraulic 1" Impact Wrench utilizes an efficient hydraulic motor and heavy-duty dual impact mechanism to produce 2,800 ft-lbs of torque.

Operator Comfort

Cushion grips maintain low torque and low vibration transfer toward the operator. Heat transfer is lessened with remote handholds. Offers a unique front swing handle for vertical or horizontal operation.

Easy Serviceability

Maintenance is easy with the standard grease fitting for lubrication of the impact mechanism without removing the impact assembly.
