

# ULTRA KUT II 14" & 16" Gas Saw

**GAS**

INNOVATIVE DESIGN FROM RACINE RAILROAD PRODUCTS

## New Power Head Design

The Ultra Kut II utilizes the Husqvarna 3122K power head, which is specially designed for heavy-duty use. New features include:

- Air injection with centrifugal cleaning system for allowing cooler, cleaner air to enter the air chamber.
- Heavy-duty filtration system for more cuts with less maintenance and a longer lifespan.

## Less Operator Fatigue and Easier Handling

More available power than competitive models. Cutting times are reduced to less than one minute on standard 132 lbs rail. One of the lightest saws on the market, weighing only 56 lbs, including the clamp and arm assembly.

## Exclusive Cutting Options

Our lightweight clamp and arm assembly allow for either top or side cutting method. Not available with competitive models. The Ultra Kut II also has a unique turn around feature that allows the operator to turn the saw and cut from the other side of the rail without removing the clamp and arm assembly.

## Parts and Service Readily Available

Easy serviceability when replacing maintenance parts such as spark plug, filters and spark arrestor. Most common parts and repairs are available through a comprehensive Husqvarna Dealer Network. Contact Racine Railroad Products, Inc. for details concerning Rail Cutting applications. Dependable Racine Railroad Customer service provides immediate parts shipments, in most cases within 24 hours.

Lightweight 44 lbs power unit easily attaches to clamp and arm assembly.

Streamline heavy-duty filtration system. Less maintenance, long lasting.

Model 910080	
Engine	Husqvarna 3122K, 2-cycle
Engine Displacement	119 cc
Includes decompression valve for ease in starting and electronic governed overspeed protection	
Air injection with centrifugal cleaning system	
Weight: Power Head	44 lbs / 20 kg
Heavy-duty oil foam and paper filters. Captured screws on air box cover for simplified maintenance	
Protective safety guards for cutting wheel, drive belt and muffler	
Capable of sawing 60-175 lbs rail (including crane rail) with optional attachments	
Options	Steel Storage Box, Crane Rail Clamp
